

Thank you!

The beloved INRD Santa Train traveled to the communities in which we operate December 1-3. As is tradition, guests climbed aboard our vintage passengers to visit with Santa and Mrs. Claus. While guests waited, some up to five hours, costumed volunteers brought cheer to the crowds with hugs, picture opportunities, dancing and laughter.

Community involvement was greater than ever with Police and Fire Departments joining in the fun. Other community organizations offered hot chocolate, children's books, and cookies to those waiting.

At each stop, coats, hats, and gloves were distributed to children in need of warmth this winter with a personalized fitting experience. This endeavor was made possible by generous donations from organizations such as yours. We cannot stress enough the gratitude we feel for your assistance in making the INRD Santa Train what it is today.
